## THE VERMILION VALLEY

### ENJOYS PROSPEROUS SEASON

**Trains Run West to Beaver Creek—  
Moving a town—Splendid Crops  
and General Prosperity**

Vegreville, Oct. 14.—The season of 1905 is fast drawing to a close and is proving to be one of the best the Vermilion valley has yet seen. At present in the middle of October, slight frosts at night and sunny skies during the day. The woods and trails are in splendid condition and at no time of the year could it be more delightful to be out of doors either for work or recreation. Activity of a new and enterprising settlement is in evidence on every side. The long looked for railway is now a realization and the C.N.R. trains puffing and whistling across the Vermilion Valley every day give an up-to-date touch to the vicinity and guarantee to its future.

The steel is now laid to Beaver Creek and is rapidly creeping westward. On account of the heavy grain traffic going on at present farther east, however, it is difficult to get cars for supplies and sometimes delays are caused by having to wait for steel. But even with these delays it is expected the steel will reach Fort Saskatchewan in about two weeks. At present two or three construction trains are running as far west as the end of the steel and travellers are carried in the caboose from Vegreville to Lewis, Mannville and other stations to Vermilion city, the first divisional point east of Edmonton. Accommodation on the construction train is all that could be expected under the circumstances and prospectors find it very convenient. Both passenger and freight trains are running on a regular basis and it is expected the service will be extended to Fort Saskatchewan as soon as steel is laid.

The township surveyors are now west of Vegreville, following up the steel. The new township of Vegreville was surveyed into lots the first week of this month. It is expected that it will bear the name "Leveche". As yet it has not been placed on the market but the C.N.R. sales agents are following up the surveyors and are expected to be on hand next week to offer Leveche property to anxious buyers.

The telegraph gang are at Mannville. Poles and wires are strung to that point and holes dug across the Vermilion Valley so that the wires will not be delayed by being cut behind. Some ballast has been put on the road and good crossings put in on all public roads. The railroad has reached the Vermilion and is running on schedule time and doing business generally is only a detail in comparison to the actual coming of the iron band.

This has been a banner year for crops throughout the Vermilion. Everywhere the region is favored. The yield is good and this sample extra good. Splendid weather has prevailed for harvest and threshing. Harvesting has been completed for some time and threshing is almost all finished. Five or six hundred threshing outfits have been busy throughout the valley and made good progress with their work. The average this year is the largest yet and will be greatly increased next year as the fertile soil is fast being broken up and put to use.

Haying has also been extensively carried on and large quantities put up throughout the whole district. The quality and yield are both good and weather has been favorable for getting it well saved. Many ranchers are still stacking so that no fears are entertained for cattle suffering during the winter for lack of fodder.

One cannot but be struck with the signs of rapid improvement on every hand. The soil is rapidly being broken up and put under cultivation, new buildings and fences of a good class are coming to the front and the roads are being improved at every opportunity.

Potatoes and all garden vegetables are a magnificent crop. Tomatoes have been successfully grown and ripened in the fields. For samples of grains, grasses and vegetables and small fruits, the Vermilion produces a showing that is a revelation as was demonstrated in the exhibits shown at the recent fall fair. Improved farm stock is also evident on all sides and the best of farm machinery is none too good for the vicinity. Windmills are making their appearance.

At Vegreville all is hustle and stir for most of the town is preparing to move bodily to the new railway site.

Continued on Page Eight.

## SENATOR SUES LAWYER

### ON CHARGE OF SLANDER

**Senator Is Wrathful Because He Was  
Accused of Trying to Suicide**

Berlin, Ont., Oct. 17.—Mr. Ward H. Bowley, K.C., county crown attorney, was yesterday served with a writ which Senator Samuel Mermer of this town, claims \$10,000 damages for alleged slander. Some weeks ago Mermer took carbolic acid by mistake and Bowley is alleged to have made the statement that the Senator took poison in an attempt to commit suicide.

### TRoubles for Mayor.

Calgary, Oct. 17.—Mayor Emerson, who was made vice-president of the Calgary Natural Gas Co., asserted before the board of trade that he did not own shares in the company, but had accepted shares until the directors would meet and decide if they could not be turned over to the city in the name of the chief executive for all time and held by that office. The council wants to know who authorized Mayor Emerson to bind the city to accept stock in such a manner and an investigation will be demanded at the next meeting. A year ago a council scandal developed over a city lot graft and two members were impeached.

**SENATOR FULFORD DEAD**  
Ottawa, Oct. 16.—Senator Fulford died in a hospital at Newton, Mass.

### ROYAL CONDOLENCE

London, Oct. 17.—King Edward and Queen Alexandra today conveyed messages of sympathy to the family of Sir Henry Irving, to which their Majesties said, "He will indeed be a great loss to the profession of which he was such a distinguished member. A message of sympathy has been received from President Roosevelt."

**NEW POSTMASTER GENERAL**  
Ottawa, Oct. 16.—Hon. A. B. Aylesworth was sworn in today member of the Privy Council and Postmaster General. Sir William Mulock attended his last meeting of the Cabinet Saturday. He has been appointed Chief Justice of the exchequer division of the High Court of Ontario. Sir William did not take farewell of his colleagues as he will meet all who are in the city at a dinner given to him by the Prime Minister tomorrow evening.

## HOT MEETING AT RED DEFER

[Calgary Alberta]

A crowded opera house greeted the candidates at the public meeting held at Red Deer Thursday evening in the interests of Mr. John T. Moore. The Hon. Dr. Gaetz, Conservative candidate, was also on the platform, and Mr. Marshall, of the Unionist, was also present. Mr. J. R. Crowell, president of the Central District Liberal Association, opened the meeting at 8 p.m. sharp with a few suitable remarks as to the candidates, after which he introduced to the audience Mr. Moore, who upon rising was greeted with enormous cheers. Mr. Moore expressed his pleasure at the presence of Dr. Gaetz, and also his regrets at the absence of R. B. Bennett whom he had hoped to meet on the platform at the meeting.

He then explained the points of the Liberal platform, and, after a brief outline of his policy he gave way to Dr. Gaetz.

Dr. Gaetz opened his address with very flowery and touching remarks, then for half an hour he tried to tear apart the previous speaker and the Liberal platform. His remarks and speech were practically those of Mr. Bennett at a meeting held some weeks ago in which he ended up by saying that if elected he would fix that school question.

The next speaker, Mr. Marshall, made one of the most interesting speeches of the evening although interrupted several times by the tough element. He proceeded as he said to review the speech of Dr. Gaetz.

He touched on lands and schools at good length, and illustrated with facts and figures which cannot be disputed.

At the close of his speech Mr. Moore again took the platform and in a very masterly speech discussed the school question to a clear and satisfactory point. He reviewed it from every feasible standpoint and showed exactly what was meant by many of the clauses in the school ordinance. The meeting closed at twelve o'clock amidst very hearty cheers for Mr. Moore and Dr. Gaetz.

## N.P. BUYS LAND

### FOR WINNIPEG TERMINALS

**The Northern Pacific Invests Heavily  
in Centrally Located Winnipeg  
Property.**

Winnipeg, Oct. 17.—There is much excitement among property owners in the west end of Winnipeg over some pretty large real estate buying that is going on on Ross avenue, in fact two halves of that avenue on the north side and extending southward beyond the end of the avenue have already been purchased or are under options, the buying being done for the N. P. R. A million dollars has been spent in that neighborhood already. The station will be at the corner of Princess and Ross, only a block from the city hall, and more central so far than any other road running in here. It transpired this morning that mortgages on the properties are being paid off at 20 per cent. premium.

**OLIVER COMING HOME.**  
Ottawa, Oct. 16.—Hon. Frank Oliver has left for the West.

## NEW STOCK YARDS

**P. Burns & Co. Secure a Large Tract of  
Land South of Strathcona for  
Stock-Yard Purposes.**

Strathcona, Oct. 16.—The P. Burns Co., limited, wholesale live stock and meat dealer, acquired on Saturday twenty acres south of the town limits from Mrs. Irwin. The council had an option on part of it at \$50 an acre but the price given was much in excess of this amount. The P. Burns Co. intend to have an extensive stock yard on the ground which will be the headquarters for our large district. This company has almost unlimited capital with headquarters at Calgary, and many branch houses throughout the west all the way to the Pacific. The establishment of this industry near the limit of our town means a great deal to the citizens, as it will be the central shipping point and necessitate the employment of a large number of men whose wages will circulate in the business community and build up our town. It will also create here a market for live stock, poultry etc., which will bring here farmers, ranchmen and stockmen who after having disposed of their products, will invest in the various supplies required in their different vocations. The town council is to be congratulated for the successful issue of the transaction and thanked for the business method they pursued in the negotiations.

A councillor Cowles who returned from B.C. a few days ago, reports business fair in the Pacific province and the New Westminster exhibition a success. He preferred Alberta in every way to any place he saw in the far west.

J. Schwartz of town has been again before His Honor R. Ritchie for bad and cruel conduct towards a school boy. The magistrate fined him \$10 and costs and severely reprimanded him for such conduct.

A party of ten wealthy farmers from southern Illinois came into town last night. They purpose buying land in this locality. They are delighted with the country.

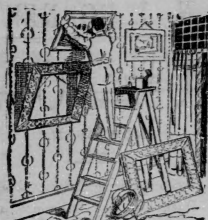

Wm. M. Real, of Toronto returns east today after having visited relatives at Vegreville and Warwick. He is much impressed with the great possibilities of the great west.

W. F. Broadstock leaves for the far north this morning. He is going to the Peace River district and Lesser Slave Lake. He purposes locating in that region.

*Morrow says*

"Don't cuss the cork—use the drugist for putting in a cheap one. Morrow uses the best of everything, even corks."

## Decorate

Your Home with a few of  
**J. T. Blowey's Pictures.**

## COERCION, ACTUAL AND ACTIVE

Regina Leader: A joint meeting of the city council and the council of the board of trade was held in the council chamber on Wednesday evening last to consider what representation should be made to the Railway Commission with regard to the questions of warehouse track sites and freight rates.

The gathering was thoroughly representative of the wholesale community of Regina and the opinion apparently unanimously prevailed that there existed serious and legitimate grounds for complaint on the part of the city against the C. P. R. The point, however, was who should be the catalyst? While the meeting was in session, it was suggested that there were matters of vital interest that should be brought to the notice of the Railway Commission, it was equally agreed that anyone appearing to give evidence against the C. P. R. would be a marked man and would be made, so far as the company was able to feel the weight of its severe displeasure. Prominent business men did not hesitate to say that in the event of their appearing against the C. P. R. things would be made as uncomfortable as possible in their future relations with the company, and an instance was cited of a well known merchant who had given evidence before the Commission on a previous occasion and was greeted the following day with a bill for demurrage amounting to over \$100. The prevailing impression was that until the C. N. R. reached Regina it would be next to impossible for the business men of the city to object to the serious handicap to which they are at present subjected by the autocratic rule of the Canadian Pacific Railway and that the only possible way of obtaining redress from the intolerable state of affairs was to use every endeavor to get the Mackenzie & Mann road into the city with the least possible delay. Healthy competition was the only weapon with which the present transportation monopoly could be successfully fought.

The predicament of the Regina business men is an indication of the real and only coercion from which the people of the west have suffered or will ever suffer. For twenty years the people of the Canadian West have been the victims of a commercial coercion neither visionary nor immaterial. The opportunities of life have been narrowed for every man in the west and the public progress in every portion of the west has been hampered by the avicious policy of the corporation into whose hands we were delivered by the Conservative party of Canada. It is a fitting testimony to the unchangeable nature of Conservatism that the party which shackled the commercial life of the Canadian West by the Canadian Pacific monopoly stands allied in this Province with the corporation which it brought into being, but that that party asks the people of Alberta to make over the management of the affairs of the Province to the solicitor for that corporation cannot be construed as a compliment to the intelligence of the electorate.

## THE POLICY FOR ALBERTA

While the Conservatives seek for power on a program of negation, agitation, litigation and stagnation, the Government will appeal to the electorate for endorsement on the merits of a positive policy of construction, advancement and accomplishment based on the resolutions adopted by the Liberal convention and will ask the mandate of the people to carry the spirit and purpose of those resolutions into the conduct of public affairs.

The platform of Alberta Liberals was determined by the actual conditions existing in this Province and was designed to conserve such of those conditions as make for the general welfare and to remedy in so far as it is within the business and power of a Provincial Government to do so, the conditions which tend to prevent or retard the public welfare. To accomplish this it was necessary that the platform be in the first instance practical and in the next broad enough to cover the entire range of Government duty and activity. That both these requirements were adequately met is evidenced by the resolutions comprising the platform and by the fact that during a month of public discussion no worthy proposal for the administration of Provincial affairs has been made by friend or enemy which was not forecasted in those resolutions. That no general or serious attack

has been made by the Alberta Conservatives upon that platform is quite as good testimony to its strength and soundness as the fact that in drafting the clauses comprising their own desired platform the Alberta Conservatives took the liberty of appropriating the substance of the majority of those resolutions for their own use and purposes. The admission thus made by the Alberta Conservatives that the business of the Provincial Government can be better undertaken and accomplished under the provisions of the Liberal platform than under any alternative proposals they were prepared to offer. The stand of Alberta Liberals is that in the outworking of the principles enunciated in the resolutions of the convention a policy will be evolved which will make for the rapid and unimpeded development of the Province in all departments of its affairs, a policy which will guarantee to the Province progressive legislation, honest and efficient administration and such general management of Provincial affairs as will be protecting the interests of all promote the general good.

It is of not less importance that the policy of the Provincial Government be shaped to avoid friction with the development policy of the Federal Government. Western Canada was not made by the advocates of the C. P. R. monopoly and Provincial strife. The forces which have produced development and progress have been very material and tangible forces and they have been brought to bear upon the latent capabilities of the West by the operation of a Federal policy based on a knowledge of Western conditions and a desire to promote Western prosperity. The normal development of Alberta is still far in advance and for many years the welfare of the Province is and must be inseparably connected with the continuance of this Federal policy. Co-operation, not conflict, should therefore be the keynote of the relation between the Provincial and Federal Governments. There is and must be in the Liberal policy assertion and defence of the full measure of Provincial rights, but there is not and should not be a disposition of hostility toward the Federal Government. Such disposition in the Provincial policy could but result in the disturbance if not the paralysis of the Federal policy which has made and is making for the marvellously rapid development of the Province. The spirit of the Liberal policy is not to shake the Dominion, but to combine the friendship of the Federal Government and secure the assistance of that Government in working out the future of the Province. It is not well to needlessly antagonize a benefactor, especially when he is the only one in sight.

## ALBERTA NEWS

Of Interest to the German People of Alberta

[From the Alberta Herald, Edmonton]

Mr. Adolph Klukas, Bible collector from Leduc, is moving to Edmonton.

Rev. G. Range, until recently, minister of the German Lutheran congregation at Wetaskiwin, is at present at Regina, Sask., forming a new German congregation in that town. Rev. Range's successor at Wetaskiwin is Rev. F. G. Weise from Anamosa, N. D.

Messrs. Knoll and P. Claassen, sons of Mr. G. Claassen, Edmonton, have established themselves as photographers in the mining town of Fernie, B. C., and report business very good.

Rev. B. Block, from Leduc, who was called by telegraph to Calgary last week, has bought Mr. R. H. Barber's farm, one mile south of Leduc.

Mr. Jacob Lauthardt's farm in Stony Plain, S.W. 1-4-30, was bought last week by Canadian Northern people. It is believed that the station and town of Stony Plain will be located there. The price was \$2,400 cash. It is also reported that a farm was bought from Mr. Wm. Lange, twelve miles from Edmonton, for station and town site purposes.

Near Sunny Slope, Mr. J. W. Tooms, the cheesemaker of the Linden cheese factory, was thrown into a barbed wire fence by an unruly horse. He received two nasty cuts which will lay him up for at least a month or more.

Mr. Bruno Graffunder, arrived with family from Vinitia, I.T., and intends starting business at Edmonton as upholsterer and cabinet maker.

On Sunday evening last the German Lutheran congregation of Edmonton had the pleasure and honor of a visit and special sermon from Rev. Mr. G. Meyer, from Minnesota, the inspector of the mission board in St. Louis. On Tuesday forenoon Rev. Meyer held service in Stony Plain, and on Monday in Beaver Hills.

"A political Harlequin" is the somewhat severe but striking opinion of many voters of Edmonton, who on Monday night last had the doubtful pleasure of hearing Mr. Bennett of Calgary.

When Mr. Bennett, leader of the Conservative party in Alberta, declared in Ontario last spring, that Oliver and Talbot were elected only because the "foreign element" consequently the numerous Germans in the first place, did not understand the railway and tariff questions, he paid the Germans a very poor compliment. But Bennett belongs to that class of people who believe that intelligence only begins with Englishmen or Canadian born and bred, just as the Austrian baron, Minister Wismarsky, believed that nothing less than a baron was a human being. This wrong judgment of the "foreign element" will no doubt give Mr. Bennett something to work against in the coming election.

## SEPTEMBER WEATHER

Following is the weather report for the Bon Accord station for the month of September.

September	Maximum	Minimum

## CITY COUNCIL

Text of Agreement Made With the  
Syndicate for Widening Boundary  
Avenue.

The city council met on Friday evening, Oct. 13th. Present the Mayor and Aldermen Bellamy, Plead, Griesbach and Glave. The Mayor presided.

William Gariepy communicated with the council, re the securing of public streets along the brow of the hill, over looking the valley through blocks 12-13-14 and 15 in the Hudsons Bay reserve. Referred to the commissioners to ascertain the probable cost of such a road.

J. K. Powell, wrote the Hudson Bay Co. re the securing by this city of blocks or squares between 14-15 and Athabasca and Peace avenue for park purposes and similar blocks north of the C.N.R. matters referred to commissioners, with a request that they look into the matter.

Request of A. E. Johnston to extend the water main on Namayo avenue, 125 feet north to connect with the building recently erected on range 7, block 2, R.L. 16. Request will be granted, providing Mr. Jackson signs the petition usual in such cases.

A veterinary surgeon will be employed to cure the grey horse belonging to the fire department.

The claims of all parties interested in the bond scheme will be heard by the council on Friday next at 9 o'clock.

The flag on the civic buildings will be hoisted on the anniversary of the battle of Trafalgar.

The lanes off streets which have been brushed out will be cleaned at the expense of the city.

October 12, 1935.

REPORT OF COMMISSIONERS No. 79. Acting on instruction from the council we have this day met the trustees of "The Syndicate" and discussed with them the adjustment of the Boundary Avenue differences and submit herewith for the consideration of the council a memorandum of the terms upon which we agreed that a settlement of this question should be effected.

In recommending this settlement to the council we beg to point out that, although a considerable expenditure will have to be borne by the municipality at large, this expense is entirely incidental upon the extension of the city limits, is justified on that ground, the comparatively small cost of an immediate undertaking being sufficient reason for proceeding at once. If action is delayed the undertaking will undoubtedly soon be imperatively necessary and its cost greatly increased.

GEO. J. KINNIRRIE,  
For Commissioners.

MEMORANDUM OF AGREEMENT between The Syndicate and the Commissioners re the opening of Boundary Avenue to the full width of 65 feet on the western boundary of R. L. 16.

1. The Syndicate to dedicate the 33 feet boulevard, free of charge, on the other conditions hereafter stated, being carried out.

2. The 33 feet extension northward to Rat Creek to be acquired and included in said street.

3. The old Nuisance Ground to be cleared up and reserved for all time as a park and recreation ground, with a 65 foot wide on all four sides; its boundaries being made to conform with surveyed streets, the Syndicate and the City transferring the necessary land to effect this purpose.

4. The 33 feet extension southward to Rowland street to be acquired and included in said street.

5. The 65 feet street thus formed, extending from Rowland street to Rat Creek, to be named "Syndicate Avenue."

6. The said Syndicate Avenue to be graded and sidewalked, as a local improvement, the syndicate agreeing to sign the necessary petition for same.

7. A bridge to be placed across Rat Creek connecting Syndicate Avenue with Norwood Boulevard or street.

8. The said Norwood Boulevard (or street) to be extended to the eastern boundary of R. L. 22 (city limit) and the same dedicated as a street, dispensing entirely with the Fort Saskatchewan trail through the R. Fraser and R. L. 22 properties.

9. The necessary land to be acquired to the north of the eastern extension of Gallagher street to allow of the extension of said street across R. Ls. 16 and 18 with a full width of 65 feet throughout.

10. The road allowance between R. L. 22 and 24 forming the eastern boundary of the city, to which all boundaries before mentioned are referred, to be hereafter named "Fort Avenue," and steps to be taken to obtain government recognition of it as the terminus of the main road to Fort Saskatchewan and a transfer acquired of the existing Fort Saskatchewan trail within the City limits to be conveyed by the City to the individual property owners in exchange for the necessary property relinquished by them in carrying out this plan.

11. The necessary land to be acquired to the north of the eastern extension of Gallagher street to allow of the extension of said street across R. Ls. 16 and 18 with a full width of 65 feet throughout.

12. The road allowance between R. L. 22 and 24 forming the eastern boundary of the city, to which all boundaries before mentioned are referred, to be hereafter named "Fort Avenue," and steps to be taken to obtain government recognition of it as the terminus of the main road to Fort Saskatchewan and a transfer acquired of the existing Fort Saskatchewan trail within the City limits to be conveyed by the City to the individual property owners in exchange for the necessary property relinquished by them in carrying out this plan.

13. The necessary land to be acquired to the north of the eastern extension of Gallagher street to allow of the extension of said street across R. Ls. 16 and 18 with a full width of 65 feet throughout.

14. The road allowance between R. L. 22 and 24 forming the eastern boundary of the city, to which all boundaries before mentioned are referred, to be hereafter named "Fort Avenue," and steps to be taken to obtain government recognition of it as the terminus of the main road to Fort Saskatchewan and a transfer acquired of the existing Fort Saskatchewan trail within the City limits to be conveyed by the City to the individual property owners in exchange for the necessary property relinquished by them in carrying out this plan.

15. The necessary land to be acquired to the north of the eastern extension of Gallagher street to allow of the extension of said street across R. Ls. 16 and 18 with a full width of 65 feet throughout.

16. The road allowance between R. L. 22 and 24 forming the eastern boundary of the city, to which all boundaries before mentioned are referred, to be hereafter named "Fort Avenue," and steps to be taken to obtain government recognition of it as the terminus of the main road to Fort Saskatchewan and a transfer acquired of the existing Fort Saskatchewan trail within the City limits to be conveyed by the City to the individual property owners in exchange for the necessary property relinquished by them in carrying out this plan.

17. The necessary land to be acquired to the north of the eastern extension of Gallagher street to allow of the extension of said street across R. Ls. 16 and 18 with a full width of 65 feet throughout.

18. The road allowance between R. L. 22 and 24 forming the eastern boundary of the city, to which all boundaries before mentioned are referred, to be hereafter named "Fort Avenue," and steps to be taken to obtain government recognition of it as the terminus of the main road to Fort Saskatchewan and a transfer acquired of the existing Fort Saskatchewan trail within the City limits to be conveyed by the City to the individual property owners in exchange for the necessary property relinquished by them in carrying out this plan.

19. The necessary land to be acquired to the north of the eastern extension of Gallagher street to allow of the extension of said street across R. Ls. 16 and 18 with a full width of 65 feet throughout.

20. The road allowance between R. L. 22 and 24 forming the eastern boundary of the city, to which all boundaries before mentioned are referred, to be hereafter named "Fort Avenue," and steps to be taken to obtain government recognition of it as the terminus of the main road to Fort Saskatchewan and a transfer acquired of the existing Fort Saskatchewan trail within the City limits to be conveyed by the City to the individual property owners in exchange for the necessary property relinquished by them in carrying out this plan.

Your clothes will last twice as long and look better, too, if washed only with

## Sunlight Soap

It washes coarse things easiest because it is a powerful cleanser, and is best for fine things because it is perfectly pure and will not injure them. Equally good with hard or soft water. No scrubbing, no boiling.

Try Sunlight.

You may have your money back if you are not satisfied.

Lever Brothers Limited  
Toronto

shurdy, well-built and energetic young man in the prime of life, had only been ill about ten days, and succumbed to acute gastritis, accelerated by a weak heart. He leaves a widow and two children. We offer our sincere condolences with the mourners in their bereavement.

Mr. and Mrs. John Harold, deceased father and mother; his brother Harry and Mr. Zingy, came down from Edmonton on Monday. The last sad rites took place at 3 o'clock, at the village cemetery, the service being conducted by Rev. A. M. McLennan, the Presbyterian minister.

The flag on the civic buildings will be hoisted on the anniversary of the battle of Trafalgar.

The lanes off streets which have been brushed out will be cleaned at the expense of the city.

## A VISITOR'S SUGGESTIONS

Editor Edmonton Bulletin:

As a sojourner in your city for a few weeks, I cannot but be impressed with the idea, now general, that Edmonton is a city of great promise; that she will grow to be one of the important and substantial cities of the west few will deny; and it seems to me a pity that she should not profit by the dear lessons of other western cities in not taking time by the forelock and making provision for future civic accommodation and adornment in advance of the inevitable expansion of the place. In this connection, (assuming that it has not already been done,) I would strongly advise your estimable governing body to secure a site for civic buildings which will be ample to serve all purposes for years to come. When Edmonton grows to be the city the conditions warrant she will be, there will be need of commodious and imposing quarters in which to carry on the civic business; in short, she will call for a city hall and offices compatible with her dignity, and now is the time for the selection and purchase of the grounds for that purpose before values become so high as to prohibit its being located where it should be, viz., in the most central and prominent part of the city. Further than this, there will soon be every necessity for establishing city parks and play grounds, which are an absolute necessity, and the more central, the nearer to the congested portions of the city, the more effectual and appreciated they become.

Values are not so high at the present time but what the city could control park sites close enough to the centre to satisfy the most exacting, and with its physical and other advantages, and a little forethought, there is no reason why Edmonton should not become one of the most charming places of residence in the Dominion of Canada. When a city seizes the example, and beautifies its grounds and odd corners, citizens are not slow to follow and the result is that residences soon become conspicuous beauty spots. The most beautiful city in regard to little parks and green corners that I ever came across, was the city of Savannah in South Georgia. Here they did not go outside of the city to establish parks, but utilized every available spot, even if only a few square yards in space for the planting of trees and shrubs. The result was that down in the thick of the business places there were refreshing bits of scenery for the tired gaze of weary citizens to rest upon.

My solicitation for the advance and progress of your city must be my apology for trespassing upon your valued space to such length.

Yours truly

E. SENIOR ESTLIN.

## VICTORIA SCHOOL REPORT

Following is a report for the above school for August and September:

The names are given in order of merit and every name is reported.

Book V.—Edward Cromarty.

Book III. Sr.—Henry Thompson, Willie Kennedy.

Book III. Jr.—George Whitford, Louis Ennis.

Book II. Sr.—Evaline Danard, Eva Whitford, Harry Gordon, Bella Cromarty.

Book II. Sr.—Safua Mihalchan, Mary Thompson.

Book II. Jr.—Mere Mihalchan, Meron Ilkowitz, Metro Starczuk, Wasyli Kozub.

Book I.—David Thompson, Rosabella Whitford, John James Whitford, Wilhelmina Kolotiluke.

Number on the roll, 19.

Average attendance, 11.

Will the parents please send the children every day.

EMMA VICTORIA DANARD, Teacher.

## SHERIFF'S SALE

## THE ENGLISH SETTLER

Editor Bulletin:

Vegreville, Oct. 2, 1905.  
"No Englishman need apply."

The above sentence appeared in *Italics* in one of the eastern papers some time ago. There has been so much said against the green Englishman that it is about time he retaliated. No person that had his eyes open at the Vermilion valley and Beaver Lake fair could help seeing that the Englishman was conspicuous by his exhibits at the above fair nor was that all, for he walked away with quite a number of first and second prizes. Every one had the credit of having the red ticket placed on some of his exhibits.

If he is not quite as good a rustler as his neighbors, he is certainly as good a farmer. You have not to go many miles from Edmonton to find a Britisher's farm, and a number of them too, who came as shamrocks to the country green as shamrocks in Ireland, who are among the prosperous farmers of the Edmonton district. Twenty thousand dollars would not buy some of them out.

The Britisher as a rule gets a wrong idea of the country, for in Great Britain the policy invariably is S.P.Q.R. For those who are not acquainted with that phrase, it means "small profits and quick returns," whereas out here the rule is large profits, sometimes very large and slow returns. The Englishman that has a fair capital on arriving in the country, pays cash for everything so that he is soon nearly stranded, while the straight-back will never spend a cent while he can trade or work it out.

The following is the way a Bar colonist got duped on arrival. After hunting around town to find a half decent team to take him and his effects to the colony he ran foul of a team of plugs about seventeen or eighteen years old for which he had to pay the exorbitant sum of four hundred dollars. The same man came to Edmonton having spent all his ready money and could not get work for his team, so went to work single handed and put his team out at a farm. In the spring realizing that he then had not enough dough to go right along with, he desired to sell the team with their harness by auction, and all they would fetch was the nominal sum of seventy-five dollars.

Now for myself whose accent is decidedly English I went last February into a hardware store to purchase a high grade buck saw, where on the clerk produced a sixty-five cent one and demanded seventy-five cents for it. I replied with a chuckle, "Do you think I am as green as I am cabbage-looking? I could sell you all the bucksaws of that class at seventy cents and make a fair profit on them." I promptly left the store and got a higher grade one for seventy-five cents opposite.

Now, sir, give the Englishman a square deal and let him get accustomed to the ways of the country and he will be as good a farmer as the straight, if not better.

Yours truly,

A BRITISHER.

## INSPECTING THE RIVER BANK

Mr. Joseph Roy, Inspector-General of the Department of Public Works, Ottawa, is in the city today. He has been sent out by the Department to make a general inspection of the Saskatchewan river with relation to the requests which have been made for the improvement of navigation, during his stay the bank in the eastern end of the city will be examined and the feasibility of taking steps to prevent further land slides there will be considered.

## "CORPORATION CONNECTIONS"

Imperial Free Lance: Mr. Bennett left Toronto after the meeting on a C. P. R. train that had been good naturedly held while he made his speech.

—There is much speculation in Ontario as to who will be John Millar's successor as deputy minister of education. Many leading educationists have been mentioned in this connection, but, says a Toronto despatch: "The man who gets the approval of everybody who knows him and has heard of his work, is Dr. D. J. Goggin, of the Canadian Publishing Co. He was for nine years director of Normal Schools and teachers' institutes in the Northwest after which he went as superintendent of education in the North-West Territories, where he remained until 1898. The present school system in the Territories which Hamilton is striving to overthrow, was built up by Dr. Goggin, whose life has been identified with educational movements. Dr. Goggin was for three years president of the association, and at the last meeting in Winnipeg last year John Millar was elected his successor."

WANTS A DIVORCE. Ottawa, Oct. 14.—Thomas Casby, Edmonton Turnball, of Medicine Hat, Alberta, will apply to Parliament next session for a divorce from his wife, Theodora Street, at present residing in Fredericton, N.B.

phone 104 E. A. CUMMINGS.

## SOME MEN ARE RICH

In Edmonton today because they had foresight enough two or three years ago to buy property when, as the city grew, advanced rapidly in value. Some of them were laughed at—people called them fools—but two short years has abundantly proved the correctness of their judgment, and they are reaping the reward of their faith in the city.

The growth of the city during the past two or three years has been great, but, compared with the growth of the next two or three years it will be but as the dawn of day compared with the splendor of the noon-day sun.

You have the opportunity now to do as some few did in the past.

## The Groat Estate

is now on the market at prices which will look small—very small, indeed—in the very near future. The city is growing westward rapidly and ere long this estate will be the choice residential part. No part of this estate is more than two miles from the very centre of Edmonton today—in five years it will be in the very heart of the city.

There are 500 lots—50 x 150 ft.—to be sold on easy terms—one-third cash, and the balance in six and twelve months, without interest. There will be no taxes to pay for over a year.

## History Repeats Itself

You can buy from two to ten lots for the same money which it will take to purchase one in the present settled part of the city. Those who sow a few dollars now will reap a rich harvest in the not-far-distant future. Don't miss the chance now—TODAY—and have to say in a year: "What a fool I was that I didn't purchase a year ago." Somebody is going to make money on this estate—why not have a share of it?

## PAGE EIGHT.

## LOCAL

—The Hotest Coon in Dixie Co. went south today.

—The iron work for the Strathcona water tower has arrived. The tank will be erected near the fire station and will hold 125,000 gallons of water.

—Construction work on the C. N. R. bridge at Fort Saskatchewan is making good progress and the bridge is expected to be ready for the rails when the steel gang reach the river.

—A meeting of Liberals will be held tomorrow, Tuesday evening, at 8 o'clock in the Young Men's Liberal club. All Liberals are invited to be present. Hon. C. W. Cross will address the meeting.

—Mrs. G. A. Mills of Prince Edward Island, mother of Mrs. M. R. Miller, has been in very poor health for some time, suffering from Bright's disease and complications. She was not expected to live on Saturday, but is better today.

—Work on the Fort Saskatchewan bridge has been pushed ahead rapidly; the trestle on the north side is complete to the water's edge, and the ties have been driven and the stringers laid across the river. The bridge will in all probability be complete by the first of November.

—Every member of the Edmonton choral society is especially urged to be present tomorrow night at the first practice of the season to be held in the assembly hall of Alberta College. The conductor, Mr. Hook, would be pleased to see any singers who desire to become members.

—The Frank Pacific: The C. P. R. is engaged in making important improvements to its line in this district, the extent of which gives some indication of the importance of the section of the line is assuming. By the close of the season the amount of money the company will have expended in the district will total a few hundred thousand dollars, and the road will be in better condition than ever before. The work is being done under the direction of Division Superintendent Erickson.

—Ottawa, October 4.—The general plan for the location of the Grand Trunk Pacific from the Touchwood Hills to Edmonton have been filed for some days, and detailed plans of the new road are now under consideration by the cabinet. While the exact location has not yet been made public, your correspondent has been informed by a leading official of the company that the road crosses the South Saskatchewan at Saskatoon. Owing to its many advantages Saskatoon will be made one of the chief divisional points on the line.

—Messrs. Angus and Dan McCormick, two Ontario farmers, who last fall took homesteads in the Red Willow district, are in the city. They came west, intending to go on their land this fall, but when they got out to it they found that a prairie fire had run through that section and cleared up everything before it. Many of the settlers lost their hay and stacks and with winter coming on are facing a serious problem. Cattle were seen that had lost their eyesight and been very badly singed. Owing to the lack of rain, it was useless to break the crops, and as everything including fodder, would have to be hauled about fifty miles to their homesteads they have given up all thought of going on the land at present.

—Calgary, Alberta: Yesterday afternoon Mayor Emerson told a representative of the Albertan something of his ideas as regards the relations between the city and the Natural Gas Co. He was of the opinion that the city should make the purchase of a sufficient number of shares, to enable the highest official in the city council to be a member of the board of directors of the gas company. Two shares were sufficient qualification for the directorate, but the question which had yet to be decided was as to whether the charter of the company allowed the transfer of the shares from mayor to mayor in this way. That could not be decided until the next meeting of the directors of the Gas Company. "It," said the mayor, "natural gas is found by the company. It is going to be of the greatest importance commercially and in other ways to the people of our city, and I think it is certainly advisable that the city should in some way be connected with the management of the company."

## PERSONAL

Miss Short went south today.

J. Brandon went to Wetaskiwin today.

F. Walker, Liberal candidate for Victoria is in town.

W. Hovey of Vancouver is visiting friends in the city.

Premier Rutherford returned from the south on Saturday.

J. Banford went to Leduc this morning to put a piano in the town hall.

A. M. Stewart of the National Trust Co. went to Stony Plain this morning.

Bert Johnston of the Merchants Bank, Leduc, came up on Saturday and returned today.

Mr. and Mrs. Shover, A. Ogilvie and Miss Grant, visited Fort Saskatchewan on Sunday.

Father Jan is to be parish priest of the Edmonton parish. Father Leduc will go to St. Albert.

W. E. Poole of Prince Edward Island, who expects to go in business here shortly, is laid up with lumbago.

Dr. W. J. Kelly and little Alpha Charbonneau arrived from Portland on Saturday's train after spending several weeks in Portland and several other cities.

Mrs. H. W. Heathcote and daughter, Eveline and Lora, returned to the city on Friday afternoon after spending a pleasant three weeks holiday with Mrs. Heathcote's brother at Vancouver B.C.

Rev. Dr. McQueen has been granted leave of absence by the board of managers of the Presbyterian church until the first of April. Word has not as yet been received from him, but he will not absent himself from his work for such a period unless the doctors consider it imperative.

## VERMILION VALLEY

Continued from Page One.

of Leduc. Houses and stores were jacked up, goods packed and all arrangements made to move the three or four miles across the prairie to the station site as soon as the survey was complete. The stakes were hardly driven till George Robertson's residence was rolling across the prairie to its new location. On Wednesday, Oct. 11, it was set on a choice lot near the station site, commanding a splendid view of the valley, and the new town had its first house up where less than a week before it was an untouched prairie with the grade running along the north of it. Less than a year ago there was no sign of even the grade. But the white house will not long stand alone. Hardly had one become accustomed to the new view which met his eyes when McColl's son's new barn, which they are building on the spot began to loom up. Then the well diggers are there with their derrick and teams and cellar diggers are at work. Next came the Bank of Commerce sending a bank body across from Vegreville. It is the building lately occupied by M. F. Laurence and will be the first business house to open in Leduc. They will vacate their present premises in Vegreville, in the small log shack by the corner store, and occupy the Laurence building till a new and suitable bank building can be erected. The Vermilion Trading Co. and Clemeat & Son are to move next week. The history of Leduc is in the making and can only be written as it is made. Every morning the settler coming out to his day's work looks across to the new town to see what building has arrived on the scene since dark the night before. A year from now and who shall say what nature of town Leduc will be! Before Christmas it hopes to be a big stirring town. The Bank of Commerce and the Merchants Bank are both due here now at Vegreville and will soon be in the new town. Robertson Bros. the Pioneer Implement firm are to the front for to Mr. Geo. Robertson belongs the honor of being the first citizen to sleep in his own residence in the new town. Not only are the business houses of Vegreville coming to the front rapidly but outside business men are flocking to the new field to locate and the making of Leduc promises to be a record breaker for speed.

When one takes into consideration that has been accomplished in the Vermilion Valley in three years without a railway, with Edmonton the base of supplies nearly a hundred miles away, with wet seasons and almost unknown vicinity, and then thinks of the next few years with the road almost at every man's door and with the start the settlement already has, he cannot but predict a promising future. In three years it is safe to predict that the Vermilion Valley will be one of the chosen settlements of the West. The unsurpassed natural advantages in richness of soil and beauty of landscape and its settled with an enterprising class of citizens. The beautiful weather of this fall has caused the wild roses to bloom again. Buds almost gone were plucked in abundance in October. Cecotes are very numerous this year and with the approach of cold weather, are getting very bold, one farmer reporting having lost spring calves by them.

Mr. Arthur Ritchie is attending the Toronto University. Mr. Clifford Tull of Strathcona has been visiting friends in Vegreville. Mr. J. Gould of Port Hope, Ontario, visited Vegreville this week with a view to locating in the mercantile business. Miss Ruby Clement is now in charge of the post office. Miss Ethel Dunham has taken a position in Clement & Son's general store. Miss Florence Whitney of Strathcona has taken a position with the Vermilion Trading Company. The last word received from Miss Laura Hamilton reports her as being in a very low condition. Mrs. Lynn and Miss Gertrude Lynn of Strathcona are visiting Mr. Perry Lynn of Spokane Creek. Mr. Chas. Stewart arrived from Edmonton with an extra party on Friday, with his four horse stage. Mr. Wm. Reel, a prominent farmer and stockman of Port Perry, Ontario, visited his nephews, the Kito Bros. of Leduc, this week. He was driven down by Mr. Frank Kito of Edmonton and expressed himself as highly pleased with the Vermilion.
